NOTES

Approximate enrolments are given as of September 30, 1986. The number of pupils enrolled, and the number of teachers employed, may vary throughout the school year. In addition, the figures for the number of teachers are rounded and may not include fractional parts representing part-time teachers.

The statistics in this directory may therefore not tally with the statistics in the annual report of the Department of Education for the corresponding school year, or with those in other directories.

It should also be noted that the number of teachers indicated in the totals includes teachers and supervisory staff not associated with a particular school.
