The Education Incentive Program for African Nova Scotian Students was established in 1965 by the Government of Nova Scotia to assist and encourage African Nova Scotian students to continue their education in high schools, community colleges, technical institutes, universities, and other approved post-secondary institutions. This program has evolved into the Scholarship Program for African Nova Scotian Students.

AIMS OF THE PROGRAM

Provide financial assistance to African Nova Scotian (Black) students so they will be encouraged to continue their post-secondary education immediately following completion of grade 12 in the Nova Scotia school system, develop leadership potential, and meet educational career and professional objectives.

\* The term “Black” is the original term that the Education Incentive Program for Black Students used, and it is the term that the Black Learners Advisory Committee used in their recommendation that the Nova Scotia Government “should provide scholarships and financial assistance to Black learners in recognition of achievement and need” (p.21) The term “Black” is used because many people of African ancestry in Canada and Nova Scotia refer to themselves as “Black,” a term used to refer to a racial identity, rather than a colour.
