How This Book is Organized

Welcome to the 1998-99 edition of the *Directory of Public Schools*, an annual publication of the Nova Scotia Department of Education and Culture.

School enrolments listed herein *should not be used for statistical purposes*. Official statistics for the Pr-12 public education system are available from Statistics and Data Entry Section of the Department of Education and Culture, 902-424-6988 (Fax 902-424-0626). Email: edstats@EDnet.ns.ca Web site: stats.EDnet.ns.ca

Enrolments and the number of teachers reported are given as of September 30, 1998. The number of teachers (FTE) include fractional parts representing part-time teachers. The number of pupils enrolled, and the number of teachers employed, vary during the school year. The detailed school information was accurate to the best of our knowledge at the time of printing.

Many schools in Nova Scotia have been consolidated into single administrative units consisting of two or three schools. These consolidated schools are reported in the directory with an '*', indented under the single administrative unit. The enrolment and teacher counts for the consolidated schools are reported in the administrative unit's numbers.

For schools with both Acadian and English enrolment, the name, address and enrolment information appear separately. Schools of this type appear in the Conseil scolaire acadien provincial as well as the respective Regional Boards (Southwest and Strait).

As of April, 1999 data in this document will be accessible in a searchable format on our web site at <http://stats.EDnet.ns.ca>

The figures in this Directory should not be used for statistical purposes.
