

## Pre-primary Routine-Based Plan in TIENET

### Pre-primary Routine-Based Plan

Through the NS Program Planning Process, a child's Pre-primary team may need to develop a **Pre-primary Routine-Based Plan** for a child who requires specific support/planning for routines that are part of the Pre-primary program.

To do this, from the child's TIENET document drop-down menu, choose **Pre-primary Routine-Based Plan**, then **Go**. The **Label/Comment** section is optional but might be used to note the type of routine that the child requires more specific programming to learn.

The child's profile is updated by completing **Things the Child can do Well**, **Things the Child is Still Learning to do**, and **Other (Interests, Cultural Influences, etc.)**.

Things the Child can do Well	Things the Child is Still Learning to do	Other (Interests, Cultural Influences, etc.)
 <div style="background-color: #ffff00; height: 40px; width: 100%;"></div>	 <div style="background-color: #ffff00; height: 40px; width: 100%;"></div>	 <div style="background-color: #ffff00; height: 40px; width: 100%;"></div>

The child's **Routine-Based Plan** is created by completing the **Routine Goal(s)/Outcome(s)/Action(s)** that the child is still learning to do, as well as corresponding **Strategy(s)**, **Person(s) Responsible**, **Timeline** and **Resource(s) Needed**.

For this child, the following outcomes/actions have been identified by the child's Pre-primary Team as being important supports to help ensure a successful, positive Pre-primary experience:

Add Row ↑ ↓ × Routine Goal(s)/Outcome(s)/Action(s)	Strategy(s)	Person(s) Responsible	Timeline	Resource(s) Needed

Also Included are **Possible Recommendation or Other Consideration for moving forward** with **Proposed Review Date**, info on **Update/Follow-up**, and then **Comments/Notes**.

Possible **Recommendations or other Considerations** for moving forward:

Proposed Review Date:

**Update/Follow-Up:**

**Comments/Notes:**

Finally, the names and roles of the **Child's Pre-primary Team** members are included. The **Author** and **Creation Date** will automatically populate when the document is created.

👤 **Child's Pre-primary Team**

ⓘ "Role" is auto-populated after Save. To override it, enter a different role in the box below.

Add Row	↑ ↓ ×	Name: <input style="width: 90%;" type="text"/>	(ID) lookup / non-lookup	Role: <input style="width: 90%;" type="text"/>
Add Row	↑ ↓ ×	Name: <input style="width: 90%;" type="text"/>	(ID) lookup / non-lookup	Role: <input style="width: 90%;" type="text"/>
Add Row	↑ ↓ ×	Name: <input style="width: 90%;" type="text"/>	(ID) lookup / non-lookup	Role: <input style="width: 90%;" type="text"/>

**Author:**  
**Creation Date:**

The document can remain in DRAFT throughout the school year and updated as needed. It will remain in the child's TIENET file available for viewing as the child progresses through school.
