

Canadian International School Bangladesh - Teaching positions for the 2024 – 2025 school year

Canadian International School Bangladesh is accredited for Nova Scotia and International Baccalaureate programs. Our graduates continue to find success in universities around the world. We're a K to 12 school in central Dhaka, the 6th largest city in the world, with two campuses located in the pleasant embassy district of the city. Our website is at <https://www.canadaeducationbd.com> . English is widely spoken throughout the city, and all varieties of food are available. Rickshaws fill the streets and adventures await around every corner.

We offer return flights from Canada, Visa assistance, furnished accommodations near the school campus, and competitive salaries. Living expenses in Bangladesh are very low. We are recruiting teachers for our Nova Scotia and IB DP programs for the 2024 – 2025 school year which runs from mid-August to June.

Candidates should have Teacher Certification from any province or country but will need to acquire Nova Scotia Certification as soon as possible. Completion of initial IB DP professional training would be an advantage. We anticipate vacancies in the following areas of Grades 10 to 12 classes:

Mathematics

English

Social Sciences – History, Geography

Physics

Biology

Chemistry

Principal – Nova Scotia Certified, conversant with IB DP program.

Please contact Douglas Roy, Principal, at royd1@gnsps.ca with your resume, cover letter, and certification.
