Cobequid Family SchoolsPlus

SUMMER

Despite it being the hottest and driest summer, SchoolsPlus staff, together with their local community partners, organized and delivered a variety of fun activities across the province — including lawn games, painting, bracelet making, cooking classes, a bake sale, and kite flying.

The Prom Shop

Looking for the perfect prom outfit?
Come check out our selection of gently used prom
clothing, including dresses, suits, and accessories.

All items are FREE, while supplies last!

Saturday, May 10, 2025
Woodlawn Public Library
31 Eisener Blvd., Dartmouth
10:00am - 5:00pm

The number of clothing and school supplies drop off events throughout Nova Scotia were beyond a success! These events help make a difference in a student's life by donating gently used clothing and essential school supplies! These drives help families and provide student's with the items they need to feel confident and prepared for the school year. Every donation helps ensure that all students have the tools to succeed both inside and outside the classroom

ANNAPOLIS VALLEY REGIONAL CENTRE FOR EDUCATION

WHO: SchoolsPlus Middleton

WHAT: Megan Saunders SchoolsPlus Facilitator reached out to a network of community partners in mental health and education and together, they collaborated to keep the drop-in centre open for local youth throughout the month of July 2025. To encourage engagement during a time when students can be more vulnerable, SchoolsPlus provided free meals and transportation for youth receiving direct services as well as any interested youth from the wider community. This partnership helped maintain a safe space for social connection, mental health support, and positive summer activities.

Throughout the month, youth were able to enjoy some free lunches and snacks and take-home bags, along with a variety of activities that ranged from baking and bracelet making, to pool, darts, and other games. The Spot provided an air-conditioned, youth-friendly environment where students could relax, socialize, feel supported and check in with their support people over the summer.

Thanks to these combined efforts, twelve student visits took place that otherwise might not have happened during the summer. The time at The Spot gave staff a chance to check in with students about how their summers were going, while also introducing both youth and community partners to a resource that continues to be an important part of Middleton.

WHEN: July 2025

WHERE: The Spot Youth Centre, Middleton, Nova Scotia

WHY: When SchoolsPlus Middleton learned that The Spot Youth Centre in Middleton, NS would have to close during the summer due to a lack of volunteers, they took action to ensure youth in the community continued to have a safe, supportive place to connect to support social inclusion.

PARTNERS: Nova Scotia Health, SP-MH Clinician, Adolescent Outreach Worker, youth Health Centre Coordinator, a Community Health Worker, and Community Support Workers and long with AVRCE Staff and many SP supports

CAPE BRETON-VICTORIA REGIONAL CENTRE FOR EDUCATION

WHO: Incoming grade primaries attending St. Anne's and Donkin Complex in the 2025/2026 academic year

WHAT: Transition Program - There was a need for orientation for children entering grade primary, for whom it was their first year at school, and may have some uneasy feelings about transitioning to school. To address this, a "Buddy Builder" program at St. Anne's Elementary and Donkin Complex was created. This 9-11am event welcomed parents/caregivers and students to meet, tour the school, and participate in fun activities like coloring, healthy snacks, and playground time. The program helped children feel more comfortable, encouraged peer connections, and gave parents/caregivers a chance to ask questions and receive helpful resources. It was successful and will continue to support families and students during this transition.

WHEN: July and August 2025

WHERE: Schools where the new students would be attending

WHY: To help address identified need of transitional support for those attending school for the first time

OUR STORIES

CHIGNECTO-CENTRAL REGIONAL CENTRE FOR EDUCATION

WHO: Cumberland SchoolsPlus and Partners

WHAT: FREE Back to Cool Clothing Boutique

WHEN: August 20, 2025 from 10:00am until 4:00pm at Spring Street Academy School

WHERE: Spring Street Academy School, also an online order pre-option for families unable to attend the event in person

WHY: Having children return to school each fall can be costly for families. Supporting families with back-to-school clothing needs helped ensure all students could return to school with confidence and dignity. Remaining clothing items were donated to Parrsboro for additional distribution

PARTNERS: Cumberland County Community Health Boards, Nova Scotia Works/CANSA, Anchor Youth Services, Town of Amherst Police Department, Municipality of Cumberland, Community Members who donated and dropped off clothing and essentials

CONSEIL SCOLAIRE ACADIEN PROVINCIAL

OUR STORIES

WHO: Beautiful Group of Students

WHAT: Paint Acadian Pride T-Shirts

WHEN: July 29, 2025

WHERE: NDA School

WHY: Peindre son propre chandail: célébrons la fierté acadienne à l'École NDA! EcolesPlus (Mme Celine), en collaboration avec Mme Denise (École NDA) et Mme Michelle (La Pirouette) se sont rassemblées avec un beau groupe d'élèves le 29 juillet, pour peindre des chandails d'Acadie! La créativité, la fierté acadienne et l'enthousiasme étaient contagieux, et le résultat est tout simplement magnifique! L'esprit acadien est bien vivant à l'école NDA.

OUR STORIES

HALIFAX REGIONAL CENTRE FOR EDUCATION

WHO: Students in grades 7-9 in the Woodlawn Family of Schools

WHAT: SchoolsPlus Entrepreneurship Week: Two full week programs for students in grades 7-9. Each student was given \$50 from YDI (Youth Development Initiative) funding to create their own small business. Staff provided short lessons throughout the week on various aspects of entrepreneurship/employment, such as how to create a business plan, how to budget, and how to build a resume. Staff then helped students purchase the supplies for their business, and they developed their products (examples included; baked goods, jewelry, slime, games, etc.). At the end of the week, we hosted a business fair for students' friends & family, and other SchoolsPlus staff. All attendees were given tokens to 'purchase' items from the student businesses. Students then got an Amazon gift card to take home at the end of the week so they could continue their business after the program completed!

WHEN: July 7-11 & July 21-25

WHERE: Woodlawn High

WHY: To help students develop skills related to employment, such as resume writing, budgeting, and business planning.

PARTNERS: Funding from Youth Development Initiative

OUR STORIES

STRAIT REGIONAL CENTRE FOR EDUCATION

WHO: Ages 6 and under

WHAT: Teddy Bear Picnic - teddy bear themed games, snacks and fun for the littles

WHEN: July 23, 2025

WHERE: Sailors Rest Park, Canso

WHY: Providing a fun-filled activity outdoors - children enjoyed the beautiful weather while having fun with their favorite bear!

SOUTH SHORE REGIONAL CENTRE FOR EDUCATION

BRIGADOON 2025

WHO: Students grades 9 to 12

WHAT: Violence Prevention Camp

WHEN: Summer

WHERE: Camp Brigadoon

WHY: Fifteen students participated with facilitators, community outreach members, and mental health partners serving as chaperones. The camp featured a full day of varied activities designed to empower participants. Events included get-to-know-you icebreakers, meditation, mindfulness, and intention-setting exercises, along with archery, nature walks, and dance, all supported by our outreach worker. A highlight was a facilitated campfire.

We provided a consent presentation, delivered by our community partners in partnership with SchoolsPlus. In addition, community partners shared video clips of encouragement, allowing young women to witness firsthand the impact of community champions dedicated to violence prevention throughout the western region.

TRI-COUNTY REGIONAL CENTRE FOR EDUCATION

WHO: We had 22 participants from Grades 4, 5, and 6 from across Yarmouth County

WHAT: The community of Yarmouth saw the return of our 4-day Biz Kidz day camp. Students learned valuable entrepreneurial skills (e.g., product design, marketing, and financial literacy) and were tasked with creating their own businesses. This included brainstorming, product design and development, and selling strategies. Students engaged in a real-life simulation by taking our loans from the 'bank' to cover the cost of materials for their products. They then designed and created products such as posters, stickers, candles, jewelry and decorations, which were sold at a 'market' open to the community. Many visited the sale to show support and shop the students' products. Students repaid their loans, and any remaining funds were theirs to keep as profit. The group of young entrepreneurs collectively earned **\$1,370.00!**

WHEN: From July 21st to 24th, 2025

WHERE: Held at the Yarmouth SchoolsPlus Hubsite.

WHY: This hands-on experience provided an opportunity for fun and interactive learning and allowed students to develop entrepreneurial skills involved in running a successful business.

PARTNERS: Strong partnerships with local businesses and organizations made the program possible – Guest speakers from *The Store Next Door* gift shop, *Jade Therapies* spa and studio, and *Nova Scotia Works* shared their expertise, offered guidance to our young entrepreneurs, provided insight into running successful businesses.

Transition is a process that involves changes in the passage from one environment to another and occurs at important milestones throughout a student's life, such as transitioning from home to school, from grade to grade, from school to school, or from school to community.

Supporting Students and families at times of transition helps ensure better outcomes, and maintains connection through each of these transitions.

SchoolsPlus teams provide opportunities for collaboration to help with transitions including building experiences for students before the start of a new school, strengthening peer networks to help in new environments, and supporting parents and caregivers in preparing their child for the changes that come along with transitions.

When students, families, school teams, and service providers work together, transitions go more smoothly and wellbeing and achievement are positively impacted."
