

## Backgrounder – School Capital Renovation Projects – 2021-22

### Nova Scotia students and staff to benefit from school improvements across the province

Provincial funding will support additional school improvement projects across the province.

Schools across Nova Scotia will get additional repairs and upgrades to extend the life of buildings and facilities with \$6 million in funding from the province.

The school capital renovation expenditures will allow schools from Freeport to Sydney to undertake renovations that will enhance the learning experience for students and the teaching experience for educators.

Projects, which vary by region and school, include:

- energy efficiency improvements, including heating and green energy upgrades
- accessibility improvements
- new windows and repairs to building envelopes
- enhancements to parking and transportation flow at schools
- exterior and interior repairs, including new roofs or roof repairs, facade upgrades and painting

This funding covers 26 projects in all regional centres for education and Conseil scolaire acadien provincial. Some of the projects began last year and will be completed this year. Individual project costs are in the range of \$150,000 - \$500,000.

#### *Project Information:*

<b>School Region</b>	<b>School Name</b>	<b>Project Details</b>
<b>Annapolis Valley</b>	<i>Horton High School</i>	<i>Geothermal heat system, stucco repairs &amp; exterior painting, sidewalk &amp; asphalt replacement, floor tile replacement</i>
	<i>Dr. Arthur Hines School</i>	<i>Change over electrical main service. Asphalt replacement</i>
	<i>Brooklyn District School</i>	<i>New electrical padmount transformer. Smoke proof corridor walls</i>
	<i>Windsor School Bus Garage</i>	<i>Site improvements</i>

<b>Cape Breton-Victoria</b>	<i>Bras d'Or Elementary School</i>	<i>Roofing project</i>
	<i>Cabot Education Centre</i>	<i>Partial roof replacement</i>
	<i>Glace Bay Elementary</i>	<i>Parking lot improvements and accessibility</i>
	<i>Riverside School</i>	<i>Roofing project</i>
	<i>Sherwood Park Education Centre</i>	<i>Siding &amp; roof repairs</i>
<b>Chignecto Central</b>	<i>Advocate District School</i>	<i>Roof section replacement</i>
	<i>Thorburn Consolidated School</i>	<i>Infrastructure improvements to old locker rooms</i>
<b>Conseil scolaire acadien provincial</b>	<i>École des Beaux - Marais</i>	<i>Oil tank replacement and energy improvements</i>
	<i>Centre scolaire Étoile de l'Acadie</i>	<i>Parking and bus loop repairs</i>
<b>Halifax</b>	<i>Beaufort</i>	<i>Upgrades to flooring and internal painting and repairs</i>
	<i>Dutch Settlement Elementary</i>	<i>Replace Roof Section, soffit and fascia upgrades</i>
	<i>Springvale Elementary</i>	<i>Roof replacement</i>
